kingdomminded Are we really ready to sell-out to the mission of winning souls and making disciples? Are we willing to commit our lives to serve others? To operate in the gifts of the Holy Spirit to DO the work of the ministry? I believe that if we really follow Jesus, we will make an impact for the Kingdom of God. It is a choice that you and I have been given. Are we going to live the rest of our lives for meaningless things and pursuits of personal happiness? OR are we going to choose to do the Will of our Father?
